

06.03.2017 - Alexander Marynych - Limit theorems for random processes with regeneration.

26.12.2016 - Dmytro Zatula - Estimates for Hölder seminorms of stochastic processes and their applications.

19.12.2016 - Andriy Pilipenko - Functional limit theorems for excited random walks.

05.12.2016 - Igor Samoilenko - Differential equations with small stochastic approximations in a scheme of Levy approximation.

21.11.2016 - Oleksiy Rudenko - Local times on surfaces of a Brownian motion on Carnot groups.

31.10.2016 - Andriy Yurachkivskiy - A limit law for a generalised Ornstein-Uhlenbeck process.

03.10.2016 - Anna Sheludenko - Limit theorems for the maximal sum of independent random processes.

26.09.2016 - Georgii Riabov - A Krylov-Veretennikov formula for a stopped Brownian motion.

21.09.2016 - Alexander Iksanov - On recurrence/transience of random difference equations.
